

THE VALATIE COMMUNITY THEATRE

Capital Improvement Project

(before)

Aug 2018 (after)

With financial, labor and material donations from local citizens, businesses and groups we have been able to complete the first phase of our face lift project. We would like to thank: The Village of Valatie, Valatie Fire Dept., Face Lift Painters, Mario's Home Center, Phil Bickerton, ETSY Hudson, Girl Scout Troop 1038, and Ralph Pesce for their support.

Please help The Valatie Community Theatre kick off its Capital Improvement Campaign by becoming a Sponsor.

We are asking for your help in supporting the VCT as we continue to make improvements in: insulating the exterior walls, getting the marquee, renovating the ceiling under the balcony, refurbishing the theatre seats, pouring a new concrete floor with heating so we can extend our program season.
